Consultation & Outreach Committee Meeting

Amanda Hilliard
Director of Outreach

David Buchanan
Director of State
Consultation

Richard Reed
Director of State
Planning

June 2, 2015

Recent Stakeholder Events

Executed well attended stakeholder events this quarter

- April 14-15 State and Territory Single Point of Contact (SPOC) Meeting with 142 attendees
- May 6 and 8 Public Safety Stakeholder Webinars with 100+ attendees
- May 7 Association Briefing with 30 attendees from 25 organizations
- June 1 Public Safety Advisory Committee (PSAC) Meeting

Outcomes: Socialized, addressed questions, and obtained input on key FirstNet activities including public notices and the special notice and draft RFP documents

Recent Stakeholder Events (con't)

Public Safety
Broadband Summit

National Rural EMS Conference:
Building Integration & Leadership for the Future

Board members and staff provided FirstNet updates at over 40 stakeholder events since the March 2015 Board Meeting

April In-Person SPOC Meeting

- State and territorial representatives are engaged and included in FirstNet planning
- SPOC input continues to inform FirstNet planning activities
- Shared successes and lessons learned for more successful FirstNet planning activities

Participation included 134 individuals from 52 states and territories and 8 Tribal Working Group members

April In-Person SPOC Meeting Sessions

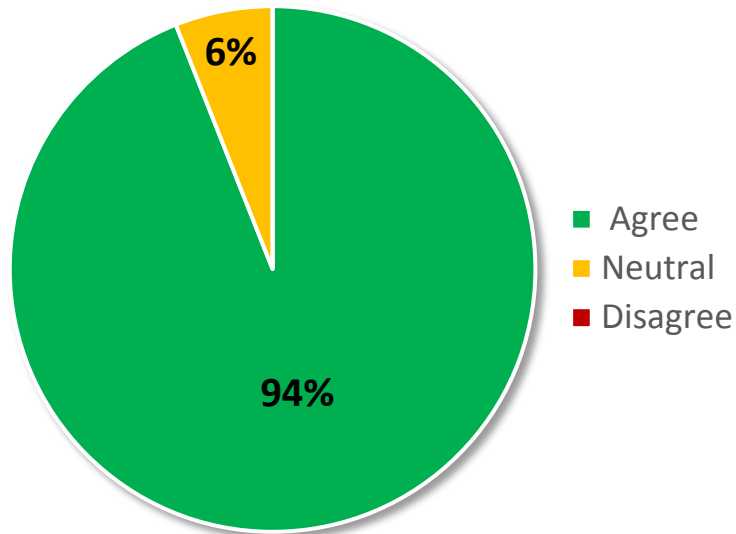

- Public Notices
- Data Collection Overview and Preparation
- State and Location Implementation Grant Program Phase 2 Overview
- FirstNet Benefits for the EMS Community
- State Plan Elements Overview
- Adequacy of Hardening, Security, Reliability, and Resiliency
- How to Process SLIGP Phase 2 Grant Modification
- Preparing for State Consultation
- Tribal Engagement
- Governance Lessons Learned and Best Practices
- Assignment of Priority to Local Users
- Education/Outreach Lessons Learned and Best Practices

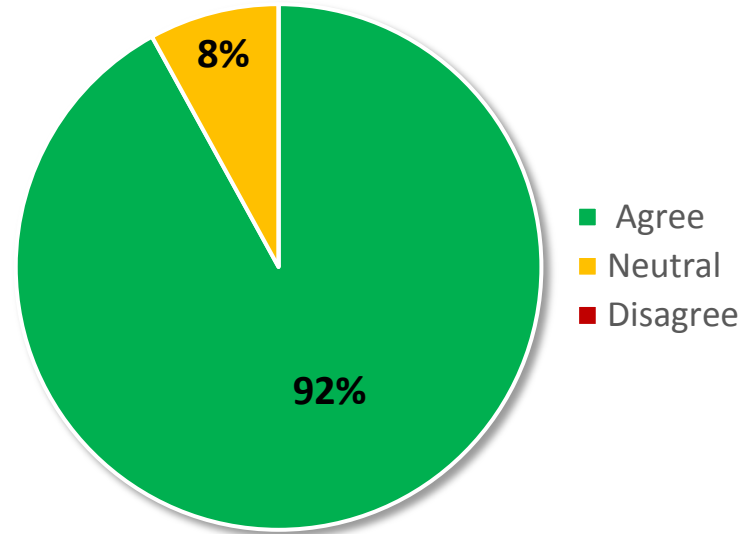

April SPOC Meeting Feedback (based on 38 attendee feedback forms)

Overall, the 2015 SPOC Meeting met my expectations.

The SPOC Meeting Agenda was relevant to me and the concerns of my state or territory.

April SPOC Meeting Feedback (based on 38 attendee feedback forms)

What did you like most about the meeting?

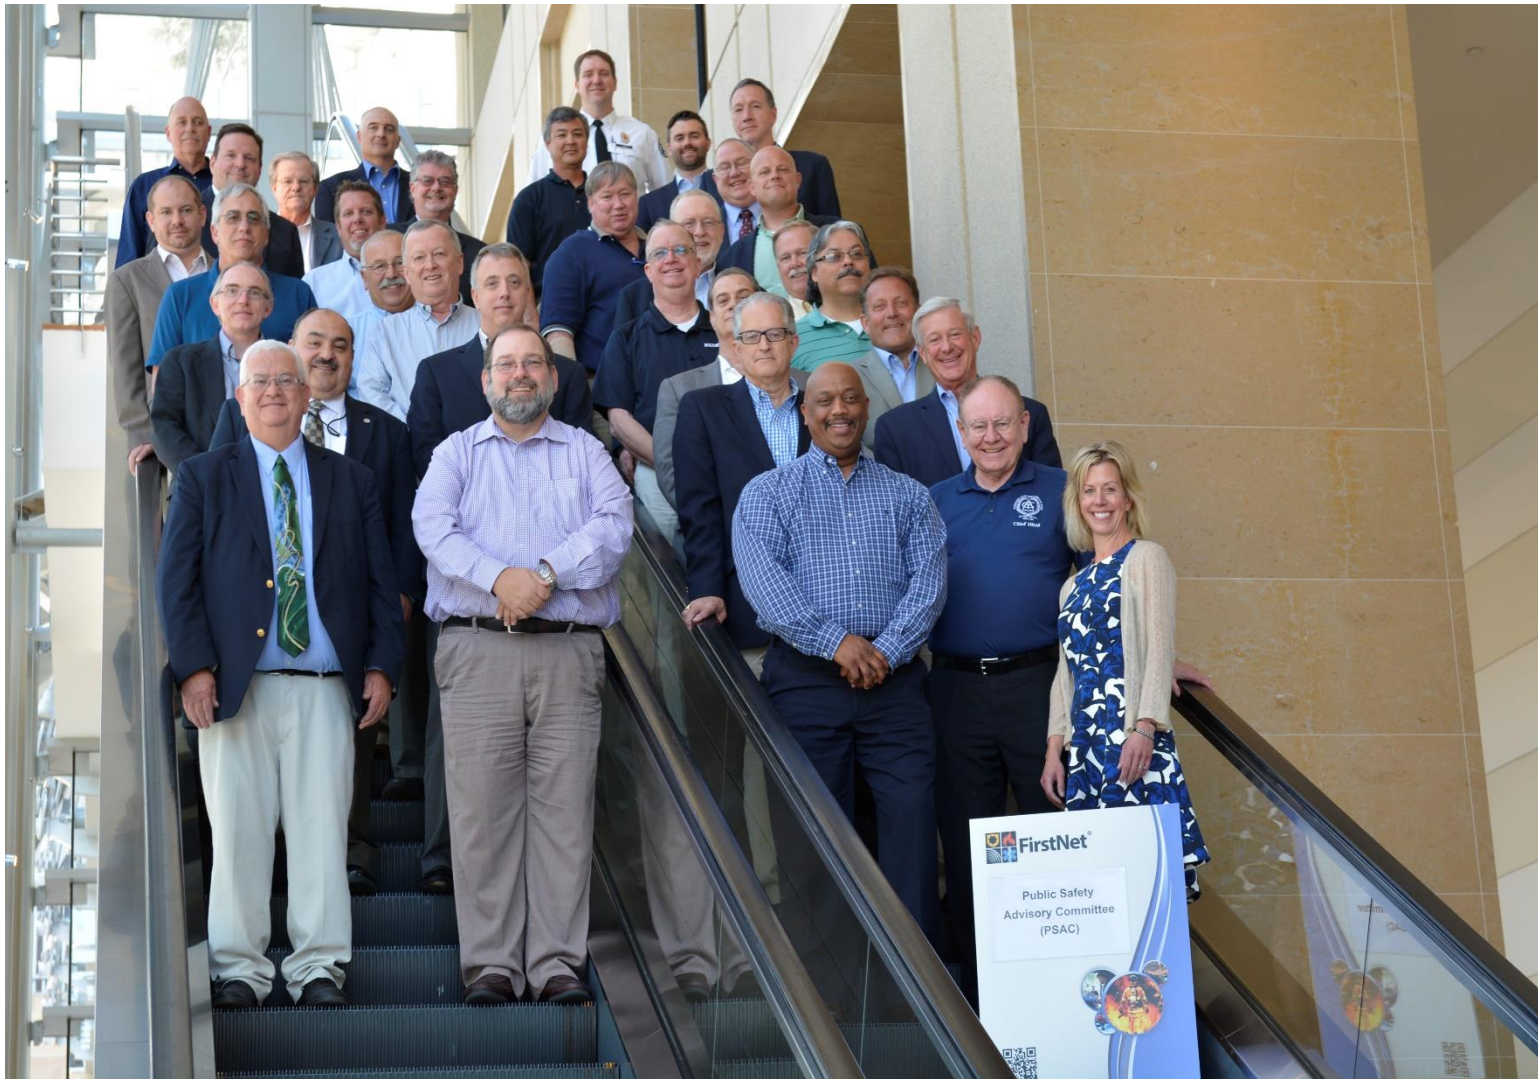

- Impressed with agenda and overall organization of the meeting
- Appreciated clarity of content and saw relevance in scheduled discussions
- Appreciated the practical knowledge many presenters brought to the discussion, and were excited to use some of the multimedia tools from the presentations
- Enjoyed having various breakout sessions from which to choose

What suggestions do you have for improving participant experience?

- Smaller sessions with more open discussion would be preferred
- SPOCs want a bigger role in future meetings as speakers and panelists
- Contact lists and information packets for stakeholders to take home for education/outreach efforts

June PSAC Meeting

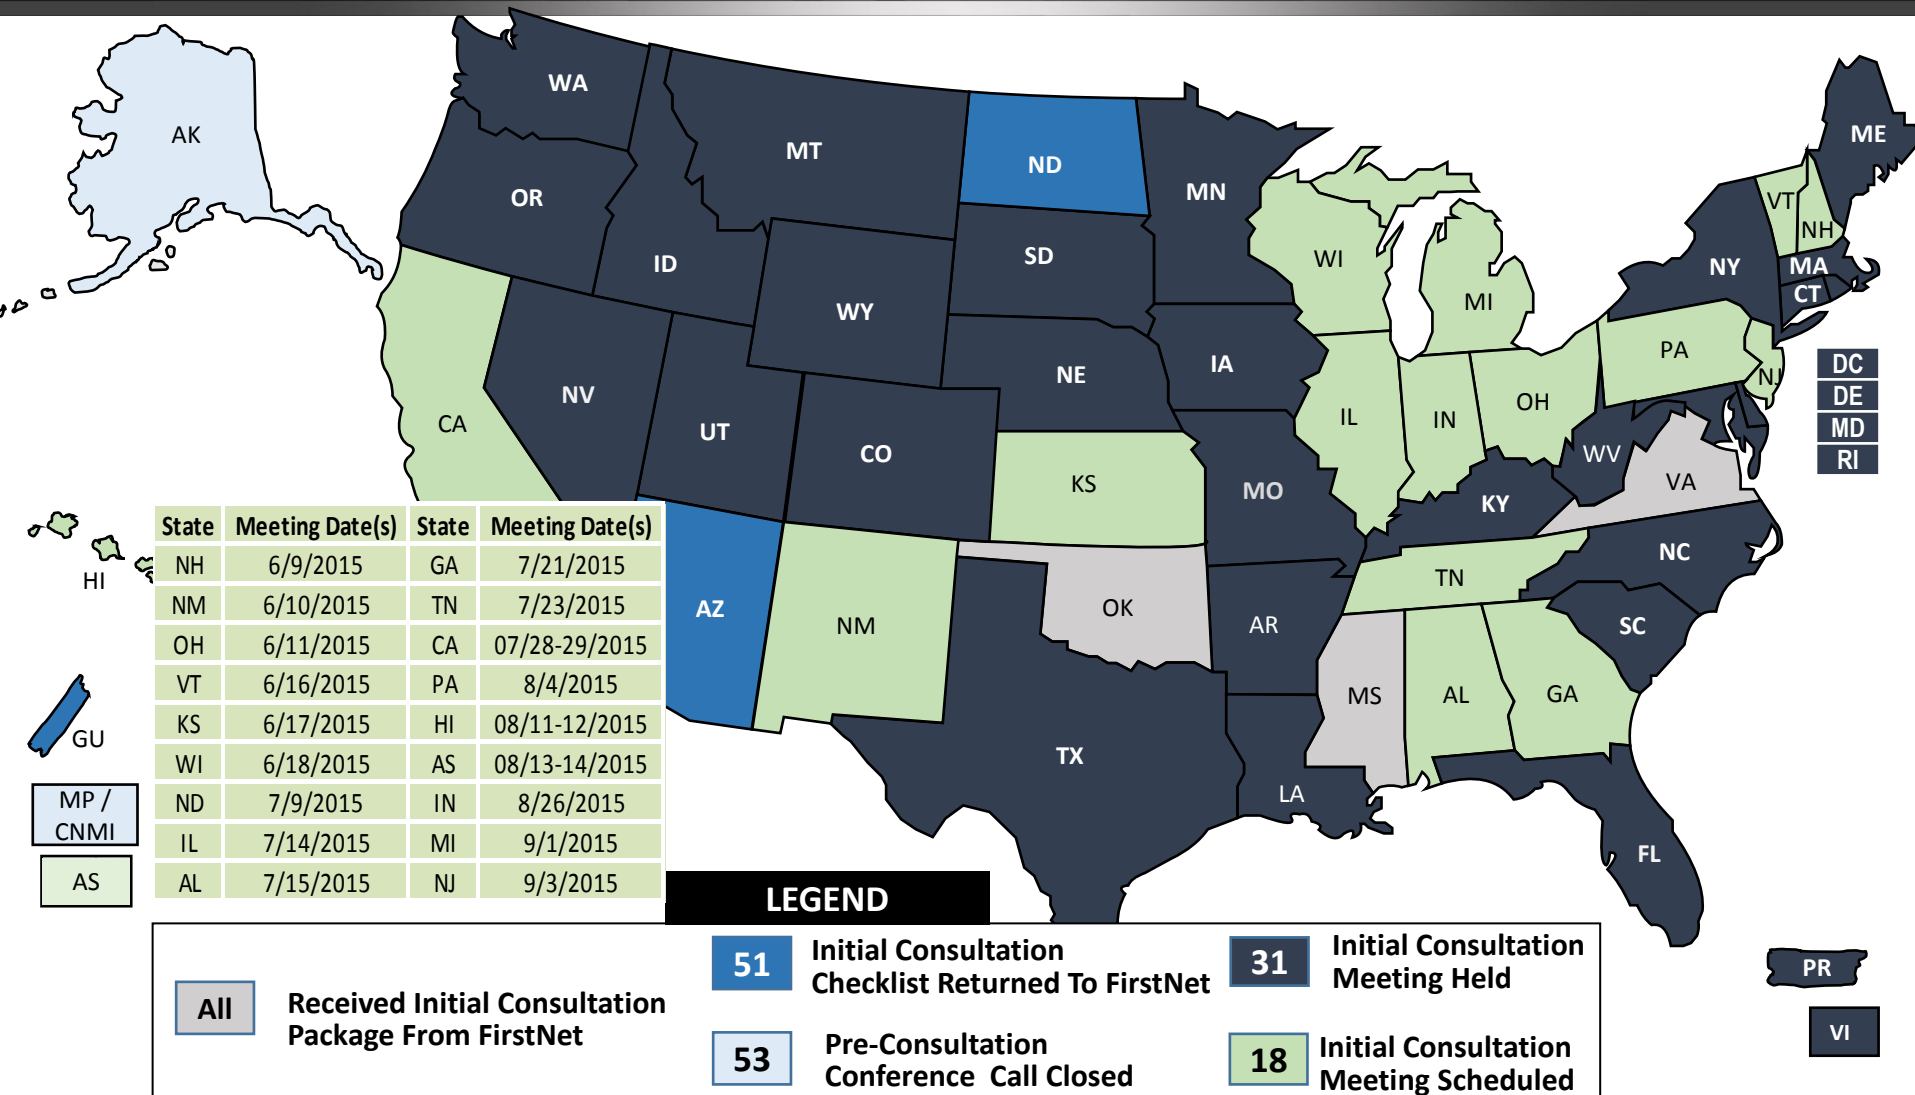

June 2-3, 2015

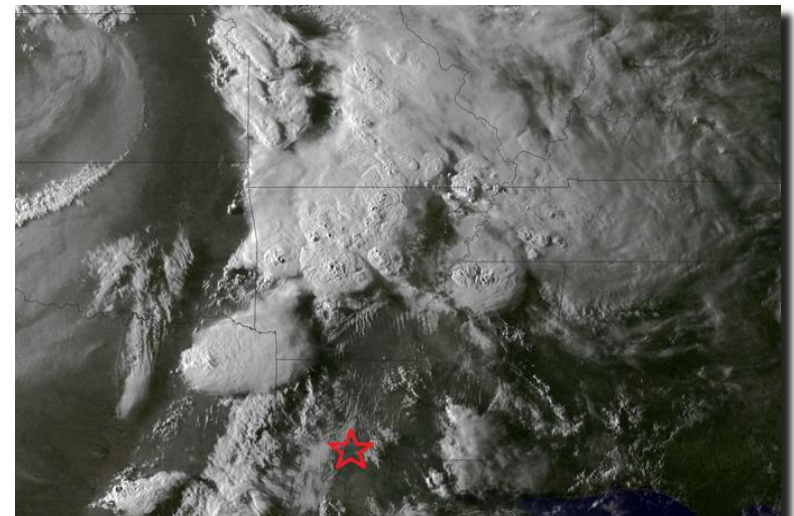

- FirstNet Strategic Roadmap Update
- PSAC Assignment Update and Discussion
 - Topics: Priority and preemption, public safety grade and user equipment
- Special Notice and Draft RFP Documents
- Data Collection and Users/Coverage Objectives
- Third Public Notice

State Consultation Activities

As of June 1, 2015

Use Cases – Reports from Law Enforcement, Fire, and EMS

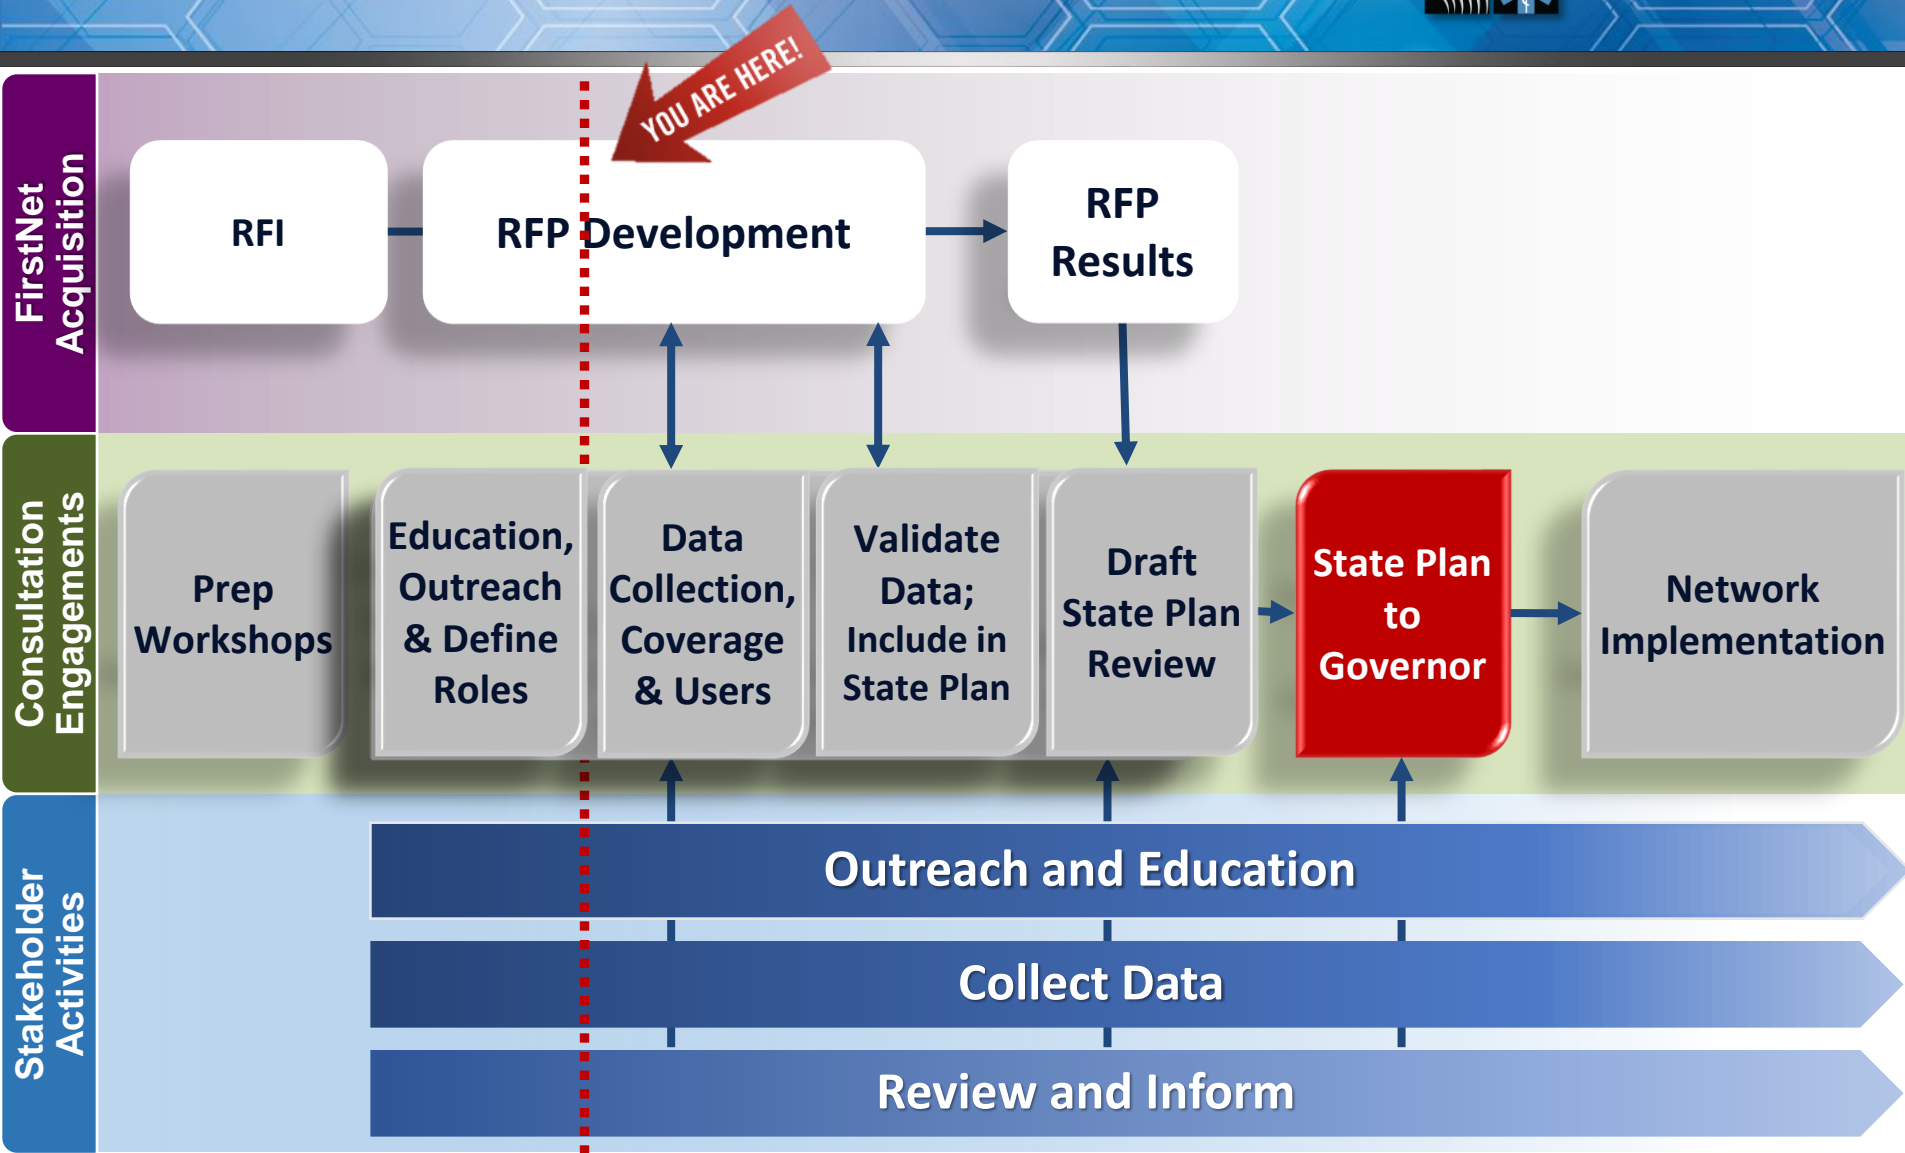

Federal Consultation Update

- Initiated designated Agency Points of Contact monthly calls in March
- Transitioned primary Agency coordination from ECPC FirstNet Consultation Focus Group directly to FirstNet and the Agency Point of Contacts
- Received first responses to the Initial Preparation Checklist (Treasury, Justice)
- Conducted outreach/consultation engagements with:

Focus Moving Forward

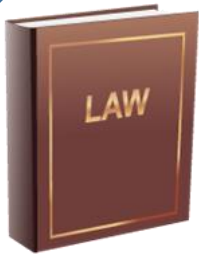

What is a State Plan?

- ☒ Contains the Information the Act Requires
- ☒ Contains the Information the State Desires
- ☒ Captures a Snap Shot in Time
- ☒ Allows the Governor to Make an Informed Decision on the FirstNet Value
- ☒ Is a Non-Binding Document
- ☒ Is Implementable and Affordable
- ☒ Supports the FCC and NTIA in Evaluation of a State's Alternative RAN Plan

What is in a State Plan?

7 REQUIREMENTS OF THE ACT:

- Construction of a core network and any radio access network build out
- Placement of towers
- Coverage areas of the network, whether at the regional, State, tribal, or local level
- Adequacy of hardening, security, reliability, and resiliency requirements
- Assignment of priority to local users
- Assignment of priority and selection of entities seeking access to or use of the nationwide public safety interoperable broadband network
- Training needs of local users

CONSULTATION WILL HELP INFORM:

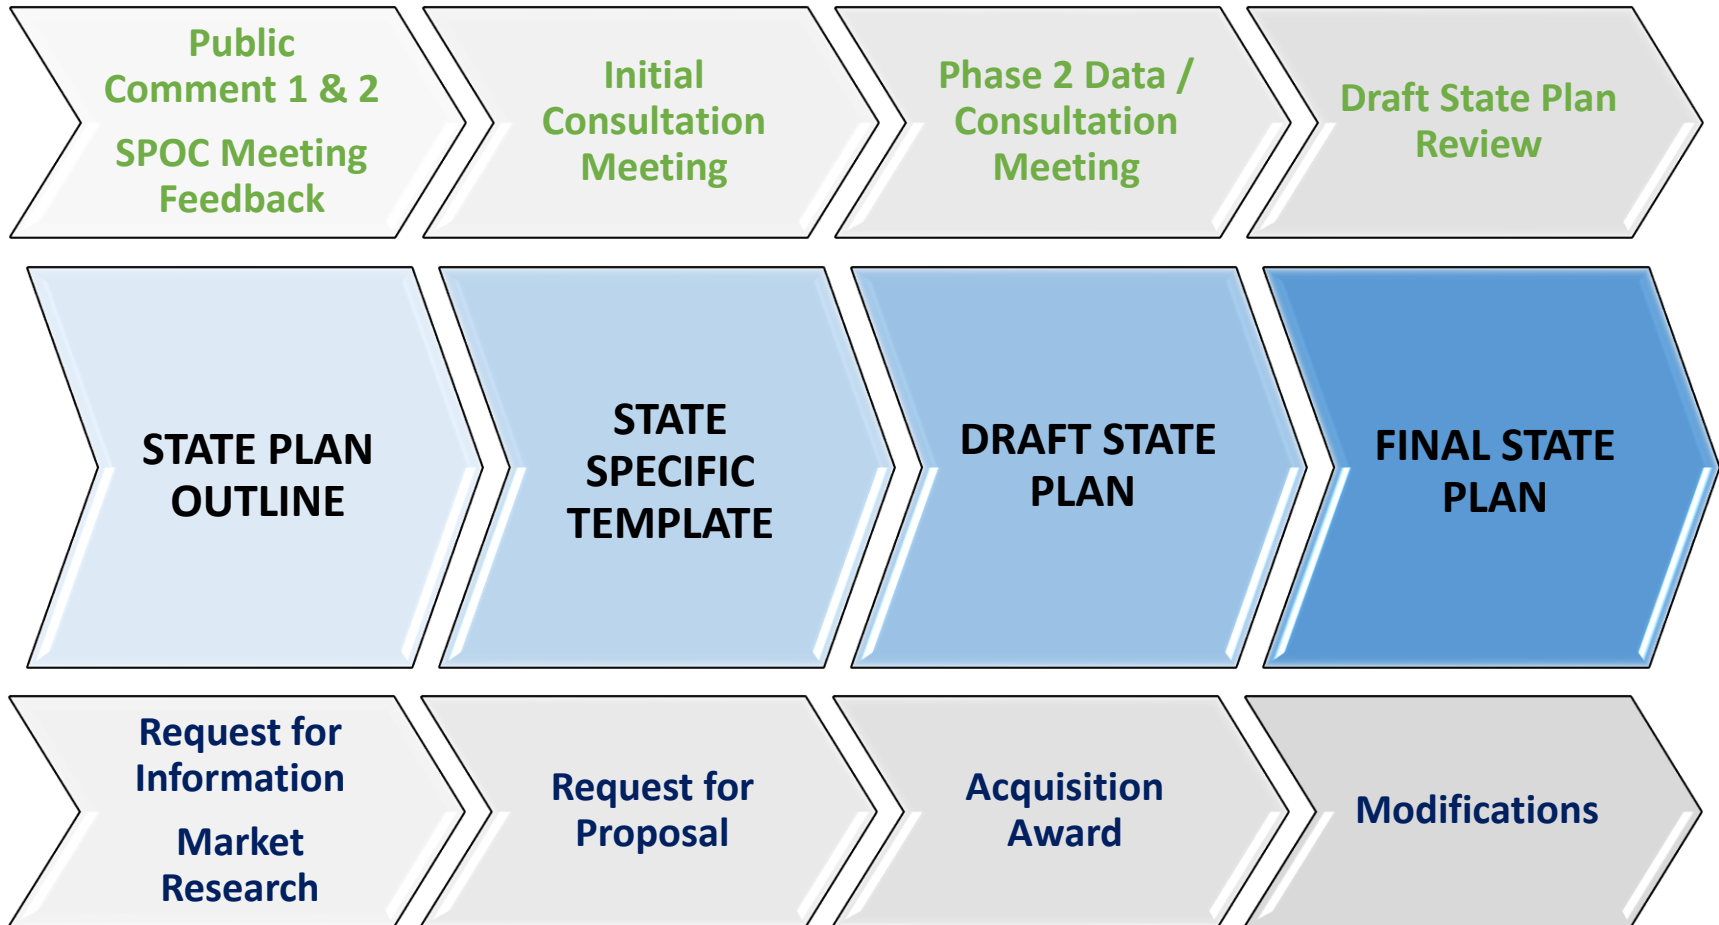

- Service Levels
- Performance Criteria
- Technical and Operational Requirements of the Network
- Network Management and Operation Practices
- Procedures and Standards
- Terms of Service for Network Use
- Compliance Review and Monitoring of Network Management
- Operation
- Use

State Plan Development

ACQUISITION

The FirstNet logo is located in the bottom right corner. It features a 2x2 grid of icons: a yellow shield with a black star, a red flame, a black and white concentric circle pattern, and a blue Star of Life with a white caduceus. To the right of this grid is the text "FirstNet" in a large, bold, black sans-serif font, followed by a registered trademark symbol (®). The background of the slide is a blue geometric pattern of overlapping squares and lines.
